Seminars I

Understanding body movement in interaction
The analysis of nonverbal behaviour with NEUROGES-ELAN

The seminar introduces to the analysis of nonverbal behaviour in interaction. Gestures, actions, self-touches, shifts etc. are identified in the ongoing flow of the interactants' body movements. Seminar participants will practically learn an objective and reliable analysis of nonverbal behavior. In addition, they will be updated on recent empirical findings on nonverbal behaviour and psychological processes . Participants can acquire a NEUROGES rater certificate after successful exam.

Seminar Fees:
The seminar is free for students and staff of the German Sport University. However, a fee of 50 € has to be paid for teaching material (two textbooks). As the number of participants is limited to 12, registrations will be accepted in order of arrival. Regular participation is desired.
